Parking tips for the 2014-15 academic year

Even with the addition of a 1,200-space parking structure, fall traffic and parking will be challenging as new students and staff get their bearings. Please familiarize yourself with the parking lots, building locations and Bear Bus routes/stops included in the map on the opposite side of this flyer.

Please allow extra time to get to class or work, carpool whenever possible, and adhere to campus traffic and parking regulations, as OU police will be issuing citations for non-designated and handicapped parking violations, illegal U-turns and other infractions.

NEW THIS YEAR

Overnight parking will be allowed in the following locations:

- Ann V. Nicholson Student Apartments parking lot
- George T. Matthews Apartments parking lot
- All covered spaces in the P-29 and P-32 parking structures
- P-5 and P-11 parking lots
- P-1, P-3, and P-16 parking lots, as indicated by FLOURESCENT GREEN striping

IF AN OU SNOW EMERGENCY IS DECLARED, overnight parking will be suspended except in the covered areas of the parking structure and the Matthews and Nicholson apartment lots. When students receive a campus notification of a snow emergency, they will need to move their vehicles to one of the designated overnight areas so that other parking lots can be plowed. Vehicles that are not removed will be impounded at the owner's expense. Snow emergencies will remain in effect from 10 p.m. on the date of the declaration through 6 a.m. the following day.
