V. Balaji
Chief Information Officer, Tata Technologies

Mr. Balaji brings more than 15 years of process re-engineering and transformation experience to his role as Chief Information Officer.

As CIO, Mr. Balaji is responsible for the flow of information, coordination, assessment, and synchronization of all organization policies and standardization requirements for the information enterprise of Tata Technologies.

Prior to his 2007 appointment as CIO, Mr. Balaji led the INCAT Enterprise Solutions Group. His distinguished career includes leadership roles at Harman/Becker Automotive Systems Inc., Anchor Glass Container Corporation, and the Ladish Company Inc. Mr. Balaji possesses broad IT knowledge from his long history in the aerospace, automotive, and consumer goods sectors.

Mr. Balaji earned a bachelor's degree in mechanical engineering from the Indian Institute of Technology, Madras, as well as a Master of Science Degree in Manufacturing and Systems Engineering from Ohio State University in the U.S.
