Master of Education: Special Education Applied Behavior Analysis (ABA) Concentration

Program Overview

Research has shown that Applied Behavior Analysis (ABA), provided by individuals trained in the principles of behavior analysis, can help individuals including those with ASD learn specific skills such as how to communicate, develop relationships, care for themselves, play, learn in school, succeed at work, and participate in family and community activities regardless of age. ABA has a strong database of research to document effectiveness with positive behavioral changes for a variety of populations.

Oakland University offers a graduate certificate in ABA and a M.Ed. in Special Education with ABA concentration, both approved by the Behavior Analyst Certification Board.

In order to earn the Board Certified Behavior Analyst/BCBA designation (granted by the BACB), individuals are also required to complete up to 1500 hours of ABA practicum or independent fieldwork, and pass the board's national exam.

Benefits

- ABA concentration courses taught by BCBA-certified OU faculty on campus
- Cohort-based program with 3 options for completion
- Courses and University Practicum are approved by the BACB
- Check oakland.edu/financialaid for program eligibility

Program Options / Credits

- Graduate Certificate in ABA – Basic (coursework only), 18 credits
- Graduate Certificate in ABA – Comprehensive (courses + practicum), 28 credits
- M.Ed. in Special Education with ABA concentration, 44 credits

Admissions Criteria

- Admission is competitive, GPA of 3.0+, interview required
- **Interviews will begin in January 2018 for the F18/W19 cohort – apply early**
- Potential for success in the program

Human Development and Child Studies

Graduate Certificate in Applied Behavior Analysis - Basic

The **Basic** option is designed to fulfill course requirements for the **Board Certified Behavior Analyst (BCBA)** credential. In addition, candidates must complete a minimum of 1500 hours of independent field work, supervised by a BCBA approved for supervision by the BACB. Those who select this option are responsible for arranging their own independent field work in compliance with the restrictions set forth by the BACB; Oakland University does not provide this service. In addition to graduate-level course work and supervised independent field work, the BACB requires a master's degree in education, psychology or behavior analysis, as well as successful completion of the BCBA national exam. Individuals may sit for this exam only after completion of all other requirements.

Course	Credits	Course Name/Description
SE 6570	4	Foundations of ABA
SE 6571	4	Behavioral Assessment
SE 6572	4	Treatment Planning
SE 6573	3	Research Methods
SE 6574	3	Ethics

All courses are required.
TOTAL CREDITS = 18

Individuals who wish to take selected courses to supplement coursework taken at other institutions may be admitted under special graduate (SG) status, with program adviser approval and the understanding that:

- Student is responsible for ascertaining from the BACB the applicability of any courses*
- Courses taken under the SG status are not eligible for financial aid.*

Human Development and Child Studies

Graduate Certificate in Applied Behavior Analysis - Comprehensive

The **Comprehensive** option is designed to fulfill the course requirements and practicum hours needed for the **Board Certified Behavior Analyst** credential. Practicum hours are offered for credit through Oakland University. A minimum of 1000 practicum hours - or approximately 200 hours per course - are required. In addition to graduate level course work and the university-supervised practicum, the BACB requires a master's degree in education, psychology or behavior analysis, as well as successful completion of the BCBA national exam. Individuals may sit for this exam only after completion of all other requirements.

Human Development and Child Studies

ABA Concentration – Required Courses

SE 6570: Foundations of Applied Behavior Analysis

4 credits (60 hours towards BCBA content)

Focuses on the principles and concepts of applied behavior analysis (ABA), historical perspective, fundamental vocabulary, philosophy, and methodology of the science of behavior management. Additional topics include the basics of defining behaviors, data collection, and the use of ABA with various populations.

SE 6571: Behavioral Assessment

4 credits (60 hours towards BCBA content)

Provides an overview of assessment techniques used in behavior intervention planning. Specific topics include the history and present use of functional assessments, completion of the functional assessment interview, descriptive and functional analysis, data collection and interpretation, preference assessment, and interpretation of evaluation tools for various populations.

SE 6572: Treatment Planning

4 credits (60 hours towards BCBA content)

Techniques used in behavior intervention planning, data collection, interpretation of assessments, development of goals and objectives, overview and application of treatment interventions, management, supervision, and team planning are discussed. Assignments include literature research and paper presentations, participation in discussions, and implementation of behavior assessment principles.

SE 6573: Research Methods

3 credits (45 hours towards BCBA content)

Includes an overview of research method techniques, theoretical foundations of empirical research, principles of the scientific method, experimental designs, analyses of research designs, research protocol, and formation of research hypothesis. The majority of the course will be devoted to methods related to single-case research.

SE 6574: Ethics

3 credits (45 hours towards BCBA content)

This course addresses the techniques of behavior intervention planning with an overview of the responsibility, values, ethics, and principles of the field of behavior analysis. Literature research, paper presentations, participation in well-informed discussions and application of principles are the primary teaching methods utilized throughout this course.

EXPERIENCE CATEGORIES

SUPERVISED INDEPENDENT FIELDWORK (1500 hours BCBA, 1000 hours BCaBA): To qualify under this standard at the BCBA level, supervisees must complete 1500 hours of Supervised Independent Fieldwork in behavior analysis. To qualify under this standard at the BCaBA level, supervisees must complete 1000 hours of Supervised Independent Fieldwork in behavior analysis. A supervisory period is **two weeks**. In order to count experience hours within any given supervisory period, supervisees must be supervised **at least once** during that period for no less than **5%** of the total hours spent in Supervised Independent Fieldwork. For example, 20 hours of experience would include at least 1 supervised hour.

PRACTICUM (1000 hours BCBA, 670 hours BCaBA): To qualify under this standard at the BCBA level, supervisees must complete, with a passing grade, 1000 hours of Practicum in behavior analysis within a university practicum program **approved by the BACB** and taken for graduate academic credit. To qualify under this standard at the BCaBA level, supervisees must complete, with a passing grade, 670 hours of Practicum in behavior analysis within a university practicum program **approved by the BACB** and taken for academic credit. A supervisory period is **one week**. In order to count experience hours within any given supervisory period, supervisees must be supervised **at least once** during that period for no less than **7.5%** of the total hours spent in Practicum. For example, 20 hours of experience would include at least 1.5 supervised hours.

INTENSIVE PRACTICUM (750 hours BCBA, 500 hours BCaBA): To qualify under this standard at the BCBA level, supervisees must complete, with a passing grade, 750 hours of Intensive Practicum in behavior analysis within a university practicum program **approved by the BACB** and taken for graduate academic credit. To qualify under this standard at the BCaBA level, supervisees must complete, with a passing grade, 500 hours of Intensive Practicum in behavior analysis within a university practicum program **approved by the BACB** and taken for academic credit. A supervisory period is **one week**. In order to count experience hours within any given supervisory period, supervisees must be supervised **at least twice** during that period for no less than **10%** of the total hours spent in Intensive Practicum. For example, 20 hours of experience would include at least 2 supervised hours.

For all three of the above options, no fewer than 10 hours but no more than 30 hours, including supervision, may be accrued per week. Supervisees may accrue experience in only **one category per supervisory period** (i.e., Supervised Independent Fieldwork, Practicum, or Intensive Practicum).

COMBINATION OF EXPERIENCE CATEGORIES: Supervisees may elect to accrue hours in a single category or may combine any 2 or 3 of the categories above (Supervised Independent Fieldwork, Practicum, Intensive Practicum) to meet the experience requirement, with Practicum having 1½ times the temporal value of Supervised Independent Fieldwork, and Intensive Practicum having 2 times the temporal value of Supervised Independent Fieldwork.
