

## **Sub-Internship Requirements**

**Authorizing Body:** Curriculum Committee

**Author:** Lynda Misra, DO,FACP, MED

**Date Issued:** December 16, 2013

**Last Update:** April 1, 2014

### **Rationale:**

### **Scope and Applicability:**

All students enrolled in the School of Medicine

### **Standard Practice Guideline:**

Sub-internships are a one-month M4 year experience in medicine, providing students with greater supervised responsibility for patient care in one of five areas: Emergency Medicine, Internal Medicine, Family Medicine, Pediatrics, or Surgery.

During the sub-internship, students gain an increased awareness of the knowledge, skills, values and attitudes that physicians strive to acquire and maintain throughout their careers.

### **Procedures:**

All sub-internships for core credit are restricted to fourth year medical students and must be completed at OUWB School of Medicine. Students enrolled in a sub-internship must work the exact schedule as their Beaumont Health System team; holidays, vacation days, etc. are not observed during sub-internships.

Time off for Residency Interviews and Other Absences:

For information on absences during sub-internships please see the Attendance and Class Participation Guidelines.
