GENERAL FUND BUDGET AND TUITION RATES
FOR FY2023

A Recommendation

1. Division and Department: Finance and Administration, Budget and Financial Planning Office

2. Introduction: Board of Trustees (Board) approval is requested for the FY2023 General Fund Budget and Tuition Rates. Highlights and assumptions for this proposal are described below.

Attachment A is the Oakland University (University) FY2023 Proposed General Fund Budget which provides summarized budget information (including the School of Medicine) and a comparison to the FY2022 General Fund Budget.

Attachment B is the proposed Schedule of Tuition Rates Effective Fall Semester 2022.

Preamble:
The COVID-19 pandemic has imposed financial constraints on governments, businesses, organizations, and families across the globe; Oakland University is no exception. University revenues have been adversely impacted by decreases in domestic and international student enrollment, state support and auxiliary activities. Enrollment declines experienced during the pandemic will impact the University for years to come.

State Appropriations:
The University’s proposed FY2023 budget for state appropriations is based upon the joint Conference Report for higher education that was approved by both the house and senate and expected to be signed by the Governor, with a 12.5% increase. The increase is contingent upon complying with a 5.0% tuition restraint. This equates to $60,761,900, 20.8% of the University’s proposed total general fund revenue sources.

Tuition:
In order to carry out its Strategic Plan and make improvements in areas that have been identified as critical measures of success, the University needs additional resources. Tuition is the primary source of General Fund revenues, accounting for over 75% of the proposed budget. The proposed FY2023, average tuition rate for a full-time resident freshman is $14,572.50, an increase of 3.9%, or $18.25 per credit hour. The proposed FY2023 full-time resident graduate tuition rate is $20,016, a 3.9% increase. The proposed FY2023 full-time resident doctoral tuition rate is $13,424, a 3.9% increase. (See Attachment B).
On June 13th, the Board approved the FY2023 Housing budget which included a 2% increase in room and board rates.

The differential tuition rates for four of Oakland’s Professional Schools (School of Business Administration, School of Engineering and Computer Science, School of Health Sciences, and School of Nursing) are proposed to increase an average of 4.0%.

The University’s commitment to controlling the net cost of attendance continues. The institutional financial aid budget (excluding the School of Medicine), $44 million, provides funds that reduce the cost of tuition for an average student by roughly 30%.

**Highlights of the Proposed FY2023 General Fund Budget:**

Revenue budget changes primarily include:

1. State appropriation funding increase of $6,300,000.
2. FYES enrollment of 13,650 (excluding the School of Medicine), down 14% as compared to the prior year budget (or down 14.7% as measured by student credit hours).
3. Average tuition of $14,572.50 for a full-time resident freshman, an increase of $18.25 per credit hour, 3.9%.
4. Average Graduate in-state tuition of $20,016 for full-time resident students, an increase of 3.9%
5. Average Doctoral in-state tuition of $13,424 for full-time resident students, an increase of 3.9%

Expense budget changes primarily include:

1. Operating funds required for Board approved course offerings, utilities, insurance, debt service, IT upgrades, recruiting initiatives, and other contractual obligations.
2. Operational expense reductions of $9,000,000
3. Use of $5,000,000 of the Pandemic Reserves which were provided by the Federal HEERF grant.
4. One-time use of $9,600,000 of non-general fund reserves to balance the budget
5. Continued focus on student financial aid funding including the student full aid guarantee, economic hardship fund, and need-based and competitive merit-based scholarship awards.

3. **Previous Board Action:** On June 21, 2021 the Board approved the FY2022 General Fund Budget and Tuition Rates.

4. **Budget Implications:** Approval of the FY2023 Proposed General Fund Budget and the Schedule of Tuition Rates Effective Fall Semester 2022 provides the needed authorization for assessing students and expending University resources for instructional, programmatic and operating needs.
5. **Educational Implications:** The proposed General Fund budget provides for academic programming.

6. **Personnel Implications:** The proposed General Fund budget provides for personnel.

7. **University Reviews/Approvals:** The budget development strategies and assumptions were discussed with the Senate Budget Review Committee, and Senate Planning Committee. The FY2023 Proposed General Fund Budget and the Schedule of Tuition Rates Effective Fall Semester 2022 were developed by the Budget and Financial Planning Office, with input from the Strategy Council, and was reviewed by the Interim Vice President for Finance and Administration and President.

8. **Recommendation:**
