Fall 2022 Notes and Special Topic Course Descriptions:**Note 1:**

This course will fulfill the Information Technology MBA elective requirement.

Note 2:

This course will fulfill the MBA International elective requirement.

Note 3:

These courses are designed for the MAcc (Masters of Accounting) student. MBA students with an accounting background may take these courses with permission from Donna Free, Faculty Coordinator, Master of Accounting. The 5000 level courses will fulfill the 6000 level MBA elective requirements. For MBA students, ACC 6300 will fulfill an open elective; it will not fulfill any 6000 level accounting requirements. If you are not a MAcc student and wish to complete any of these courses contact Donna Free at free@oakland.edu for permission.

Note 4:

All students must complete a capstone course - ACC 6995 for MAcc; MGT 5350 [or MGT 5360] for MBA; and MIS 6940 for MSITM. The capstone course should be taken near the end of your program. Advisor permission is required to register for these courses. To register for MGT 5350 or MIS 6940 call Graduate Business Programs at (248) 370-3287; to register for ACC 6995 email Donna Free at free@oakland.edu.

Note 5:

MIS 6900 - ST: Competing in a Connected World (41771): This course focuses on defining a backdrop for the emerging world in which engineers and business leaders will compete. Experts predict that by 2020 the world will have 50 billion devices that are connected to the internet. These will include already connected consumer electronics, but rapidly expand to include almost every product imaginable (appliances, cars, even mice traps). As these once closed systems are connected, mega systems will be created generating incredible amounts of data, creating entirely new user experiences, and changing customer expectations. This course intends on helping students recognize these changes, and determine how they can best apply their skills to capitalize on this changing world.

Note 6:

MIS 6900 - ST: Deep Learning and Text Analytics (42800): This course provides an introduction to deep learning and text analytics. the business, the concepts of Service Management become ever more important to allow the business to excel in a competitive environment. The fundamental objective of this course is to introduce the students to the foundations of the IT Infrastructure Library (ITIL), the de-facto standard in IT Service Management, which by focusing on the principle of providing services helps IT align to the needs of the business.

Note 7:

MIS 6900 - ST: Business-IT Collaboration in the Modern Organization (45622): The relationship between IT and its business partners is often difficult and the acceleration of change in the modern organization makes it even harder. This course explores practical ways of how IT and business leaders at all levels of an organization can successfully collaborate to solve business problems through the application of information technology. Topics include major technology trends, case studies, and practical methods to improve collaboration.

OTHER IMPORTANT INFORMATION:

A graduate student, with the approval of departmental adviser, may use a maximum of 12 credits of 4000-4999 courses taken at Oakland University toward a graduate degree (taken from Graduate catalog).

Waitlisting Through Sail

The same registration requirements apply for waitlisting (e.g. prerequisites, restrictions etc.)

After priority registration waitlist is first-come, first-served

Restrictions allowed for waitlisting (not registration)

Duplicate section

Time conflict

Students are automatically notified when a seat becomes available through their OU email by waitlist@oakland.edu

Students have 24 hours to register for a waitlisted course

Student may choose to do nothing, and then the next student on the waitlist will be notified after 24 hours expires

If a student changes their mind after their 24 hours expires, they could add themselves back to bottom of waitlist

Waitlisting available through first week of late registration

Second week of late registration waitlisting will not be available

Closed course overrides will be required in SAIL

GRADUATION

When you are near completing your degree requirements, you must complete the Application for Degree form. This application is completed online in SAIL. For more information see Apply for Graduation website: oakland.edu/graduate

APPLICATION DEADLINES

Semester Program Completed	Deadline to Apply to Graduate	Commencement Ceremony
Winter	Last Friday in January	May
Summer 1	Last Friday in January	May
Summer 2	Last Friday in June	December
Fall	Last Friday in September	December
