Read more to learn how to support your best investment with financial assistance from OU.

TYPES OF FINANCIAL AID

SCHOLARSHIPS

Scholarships based on academic merit (high school GPA or a combination of GPA and SAT/ACT scores for freshmen, and college GPA for transfer students) are provided by Oakland University, the State of Michigan and other external agencies. Scholarships given to eligible students in their first year at OU, whether as freshmen or transfer students, require no additional application beyond the admission application, are eligible for renewal, and do not require repayment. Additional OU scholarships are available through academic and student service departments, funded by endowed or annual funds provided through generous private donors. Some department scholarships may require an application; eligibility criteria and applications can be viewed at oakland.edu/financialaid.

GRANTS

Grants based on financial need are provided by Oakland University, State of Michigan and the U.S. Department of Education. Students must complete the FAFSA each academic year to establish eligibility based on financial need. OU grants are given automatically to eligible undergraduate students, are eligible for renewal, and do not require repayment. View eligibility criteria at oakland.edu/financialaid. State of Michigan grants also require the FAFSA and an application available through the MiSSG Student Portal at michigan.gov/mistudentaid. Federal grants provided by the U.S. Department of Education require the FAFSA each year and recipients are automatically identified by OU and the U.S. Department of Education.

LOANS

Student loans are available from Federal Direct Loans as a result of completing a FAFSA. Loans must be repaid after students graduate or no longer attend, however there is no penalty for early repayment. Subsidized loans are based on financial need and do not accrue interest until loan repayment. Unsubsidized loans are not based on financial need and interest begins to accrue immediately upon disbursement of the loan. Parents of undergraduate students may be eligible for the Parent PLUS loan, a credit-worthy loan used to supplement the student’s financial aid. FAFSA is required to be offered the loan and if borrowed, interest begins to accrue immediately upon disbursement of the loan.

STUDENT EMPLOYMENT

Students are encouraged to supplement their in-class learning with student employment experience while earning a paycheck. Oakland University academic and student service departments hire students in various positions around campus. Students earn at least $15 per hour, learn new skills, network and gain valuable experiences helpful in their future careers. Some students may receive federal work-study as part of their financial assistance. These funds are used to supplement OU funds used to pay students’ wages. All on-campus student employment opportunities can be found on Handshake at oakland.edu/cldc/handshake.

EMERGENCY FUNDS

OU has special assistance funds, including the Student Emergency Relief Fund, for students whose declining financial circumstances while in school have put their ability to continue attending college in jeopardy. If you have extenuating financial circumstances, contact Student Financial Services at (248) 370-2550 or email finservices@oakland.edu to discuss.

APPLYING FOR FINANCIAL AID

To receive financial aid, you must be admitted to and enrolled at Oakland University. Whether applying as an undergraduate, graduate or medical student, the first step is to apply for admission.

FAFSA

Each year students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) to apply for OU, federal and state financial assistance. You could be eligible for grants, scholarships, work-study opportunities and loans as a result of completing the FAFSA. Most applicants who apply for financial aid qualify to receive at least an unsubsidized loan. You may choose to decline any loans offered to you.

To access, sign and submit your FAFSA online, you’ll need to create Federal Student Aid account Log In credentials. Create your credential with studentaid.gov at least one week prior to completing the FAFSA. Parents of dependent students will also need to create their own Log In credentials. Be sure to include OU’s school code (002307) to ensure your FAFSA is sent to Oakland University.

STATE OF MICHIGAN AID

State of Michigan aid programs require the FAFSA and may require additional application materials. Once your first FAFSA has been processed (about a week after submission), you are able to create your MiSSG student portal to access information and necessary materials about State of Michigan financial aid and manage your School of Choice. Learn more at michigan.gov/mistudentaid.

OU AID

Oakland University scholarships and grants are automatically offered to incoming freshmen and transfer students through the admissions process and when the FAFSA is processed by Student Financial Services. In addition to the scholarships and grants automatically awarded to incoming undergraduate students, Oakland University also offers OU Annual Scholarships from academic and student service departments. These endowed scholarships require a single application available to complete annually for admitted and enrolled students.

PRIVATE AID

Private aid is generally considered aid received from a source other than the university, state, and federal governments. Private aid can be scholarships from organizations, foundations, and/or businesses. Private loans can come from a bank, credit union, or private lender of your choice.

FINANCIAL AID OFFER

Once your FAFSA is received and processed, electronic financial aid offer notifications are sent to your Oakland University email address, asking you to view on MySAIL the amount and types of financial aid for which you are eligible. Financial aid is initially offered for the regular academic year (fall/winter semesters) but may be available during the summer semester as well.
OU NET PRICE CALCULATOR
Use the Net Price Calculator (NPC) at oakland.edu/npc to obtain an estimate of OU’s direct billable charges (tuition and housing and food for on-campus residents) and indirect non-billable expenses (an estimate of a student’s costs for books, off-campus housing or living at home with parents, commuting, and some living expenses). The NPC will also display financial aid that may be available to you.

STUDENT FINANCIAL SERVICES EVENTS
Student Financial Services provides educational presentations and practical workshops to help students and families learn, understand and apply financial aid knowledge to help pay for a college education. These services are free and available to everyone. Future college students, and their families, are encouraged to learn about financial aid and take steps to prepare for college costs each year of their secondary education. On the next page, you’ll find worksheets to accompany our presentations.

PAYING FOR COLLEGE
In this presentation, you’ll learn about the advantages of using financial aid to pay for college and the best ways to find financial aid. Plus, we share some of our best tips for maximizing your financial opportunities.

FAFSA WORKSHOPS
This small group workshop guides students and their families through the process of completing the Free Application for Federal Student Aid (FAFSA) each year. Private breakout rooms are available for personal questions.

FINANCIAL AID OFFER EVALUATION
This small group workshop is for newly admitted or currently attending OU undergraduate and graduate students who need assistance understanding the financial aid awarding process, offers of financial aid, and taking the necessary next steps in preparing financially for each semester at Oakland University.

Register for these workshops and other financial aid events at oakland.edu/financialevents.
LOG IN CREDENTIALS AND FAFSA WORKSHEET

STEP ONE
Create student and parent Log In credentials at studentaid.gov
Do not create Log In credentials for anyone but yourself. Do not use anyone else’s Log In credentials or personal information as your own.
Email, phone, and username can be used interchangeably.

Student’s Log In credentials (do not use school email):

Personal email ____________________________________________ Username ____________________________________________

Mobile number ____________________________________________ Password ____________________________________________

Contributor One’s Log In credentials:

Personal email ____________________________________________ Username ____________________________________________

Mobile number ____________________________________________ Password ____________________________________________

Contributor Two’s Log In credentials:

Personal email ____________________________________________ Username ____________________________________________

Mobile number ____________________________________________ Password ____________________________________________

STEP TWO
File the FAFSA when it becomes available each year. Note the following as you complete the FAFSA at: studentaid.gov/fafsa
• Use the tooltips available on the FAFSA for help in defining the answer or determining where to find the information
• Use the chat function available at studentaid.gov for live assistance as you apply
• Register for a virtual FAFSA Workshop hosted by Oakland University at oakland.edu/financialevents
• Provide consent to use federal tax information on the FAFSA
• Provide electronic signatures to complete and submit the FAFSA

STEP THREE
Review Your FAFSA Submission Summary (FSS). Within 3-5 days of submitting the FAFSA, the student will receive an email notification indicating the FSS is available to view on studentaid.gov. It contains all the answers provided to FAFSA and should be reviewed immediately. If there are any errors, login to studentaid.gov, make the necessary corrections, and resubmit the FAFSA.

Create your MiSSG account at michigan.gov/mistudentaid/students-fams to view your eligibility for State of Michigan financial aid and manage your school selection.

Receive Your Financial Aid Offers. Colleges and universities where you’ve been admitted and sent your FAFSA will send comprehensive financial aid offers to students. Review the letter carefully and contact the financial aid office at that school with any questions. Visit our website, oakland.edu/financialevents and click on the Financial Aid Offer Evaluation tab to download the worksheet.

Respond to Financial Aid Requirements. Once you have received your financial aid offer from a college or university, check your accounts at that school on a weekly basis at minimum and complete any requirements within the designated time period requested. Make sure your financial aid offer has been confirmed by completing all requirements at every school you’re considering. Once you have decided where you will go to school, notify all financial aid offices at the other institutions you will not attend.
FINANCIAL AID OFFER WORKSHEET

Financial aid offers are based on an estimated cost of attendance, calculated by the college or university, which includes estimated billable/direct charges and estimated non-billable/indirect expenses you may have to pay for related to your education. While expenses vary depending on the level of enrollment and the lifestyle of the student, average costs are reflected in the estimated cost of attendance and used to determine the amount and type of financial assistance offered.

Use the Cost of Attendance and award information for each school you wish to evaluate. Enter the name of the school at the top of each column and fill in the information below to determine if your financial assistance will cover your billable charges and non-billable expenses.
