

Readmitted Student Enrollment Guide

Congratulations on your readmission to Oakland University and welcome back!
Please complete the following steps before starting your classes.

STEP 1: REACTIVATE YOUR ACCOUNT

- You were assigned a Grizzly ID number when you were initially admitted to OU. If you don't remember your Grizzly ID, please call Undergraduate Admissions at (248) 370-3360.
- Make sure you have your six-digit PIN number. If you cannot remember your PIN, please reset it at the NetID Management Page at netid.oakland.edu. Choose "Reset your Grizzly ID PIN." Go to the Oakland University SAIL page at sail.oakland.edu. Choose "Login to a Secure Area." Login using your Grizzly ID number and PIN.

You will first have to reestablish your relationship with the university by registering for classes before regaining a NetID, password and email account.

STEP 2: REGISTER FOR CLASSES

- All students are encouraged to meet with an academic adviser to create a plan of study, discuss degree requirements, and stay on track to graduate. Visit oakland.edu/advising to find an academic adviser in your desired major.

1. First visit oakland.edu/registrar/registration/regschedule to review the registration instructions
2. Login to sail.oakland.edu using your Grizzly ID number and PIN.

- If you get an error while registering, you can locate the point of contact at oakland.edu/registrar/registration/registration-errors to assist you in resolving the requirement. Some courses require specific prerequisites; the department can verify that you meet the prerequisite and allow you to register.
