AT OAKLAND UNIVERSITY, WE'RE DOING ALL WE CAN TO HELP MAKE AN EXCEPTIONAL EDUCATION AFFORDABLE.

Today, more than half of all OU students receive financial assistance totaling more than $190 million annually. You can benefit from those funds, too — you just have to apply. Complete the Free Application for Federal Student Aid (FAFSA) annually beginning every October 1.

TYPES OF FINANCIAL ASSISTANCE

SCHOLARSHIPS

Scholarships based on academic merit (high school GPA and SAT or ACT scores for freshmen, and college GPA for transfer students) are provided by Oakland University, State of Michigan and other external agencies. Scholarships given to eligible students in their first year at OU, whether as freshmen or transfer students, require no additional application beyond the admission application, are eligible for renewal, and do not require repayment. Additional OU scholarships are available through academic and student service departments, funded by endowed or annual funds provided through generous private donors. Some department scholarships may require an application; eligibility criteria and applications can be viewed at oakland.edu/financialassistance on the OU Grants and Scholarships tab.

GRANTS

Grants based on financial need are provided by Oakland University, State of Michigan and the U.S. Department of Education. Students must complete the FAFSA each academic year to establish eligibility based on financial need. OU grants are given automatically to eligible undergraduate students, are eligible for renewal, and do not require repayment. View eligibility criteria at oakland.edu/financialassistance. State of Michigan grants also require the FAFSA and an application available through the MESSA Student Portal at michigan.gov/messastudentaid. Federal grants provided by the U.S. Department of Education require the FAFSA each year and recipients are automatically identified by OU and the U.S. Department of Education.

LOANS

Student loans are available from Federal Direct Loans as a result of completing a FAFSA. Loans must be repaid after students graduate or no longer attend, however there is no penalty for early repayment. Subsidized loans are based on financial need and do not accrue interest until loan repayment. Unsubsidized loans are not based on financial need and interest begins to accrue immediately upon disbursement of the loan. Parents of undergraduate students may be eligible for the Parent PLUS loan, a credit-worthy loan used to supplement the student’s financial aid. FAFSA is required to be offered the loan and if borrowed, interest begins to accrue immediately upon disbursement of the loan.

STUDENT EMPLOYMENT

Students are encouraged to supplement their in-class learning with student employment experience while earning a paycheck. Oakland University academic and student service departments hire students in various positions around campus. Students earn at least minimum wage, learn new skills, network and gain valuable experiences helpful in their future careers. Some students may receive federal work-study as part of their financial assistance. These funds are used to supplement OU funds used to pay students’ wages. All on-campus student employment opportunities can be found on Handshake at oakland.edu/careerservices/handshake.

EMERGENCY FUNDS

OU created a special assistance fund for students whose declining financial circumstances while in school have put their ability to pay for college in jeopardy. If you have extenuating financial circumstances, contact Student Financial Services at (248) 370-2550 or email finservices@oakland.edu to discuss your circumstances.

SCHOLARSHIP SEARCH

Additional scholarships may be available through various academic departments or programs. Start your OU scholarship search by visiting oakland.edu/financialservices. Applications for these additional awards open on October 1.

COMPLETE THE FAFSA

Beginning October 1 each year students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) to apply for OU, federal, and state financial assistance. You could be eligible for grants, work-study opportunities, and loans as a result of completing the FAFSA. Most applicants who apply for financial aid qualify to receive at least an unsubsidized loan. You are not required to accept any loans or other forms of financial aid.

To submit your FAFSA online, you’ll need to create an FSA ID, your username and password to access and sign the FAFSA electronically. Create your FSA ID at fafsa.ed.gov at least one week prior to completing the FAFSA. Parents of dependent students will also need to create their own FSA ID.

OU NET PRICE CALCULATOR

The Expected Family Contribution (EFC) is calculated when the FAFSA is completed and is used to determine your eligibility for need-based grants from OU, the Federal Department of Education, and State of Michigan.

The Net Price Calculator (NPC) is available at oakland.edu/npc to obtain an estimate of OU’s direct billable charges (tuition and room and board for on-campus residents) and indirect non-billable expenses (an estimate of a student’s costs for books, off-campus housing or living at home with parents, commuting, and some living expenses).

The NPC also offers an estimated financial aid package based on the GPA and SAT/ACT score of incoming freshmen.

To be considered for scholarships, Oakland University must receive your admission application, transcript and SAT or ACT score (if applicable) by the priority deadline of March 1, 2022 for fall, December 1, 2021 for winter and July 1, 2022 for summer. If you meet this deadline, you will automatically be considered for OU scholarships. Scholarship awards are based on your academic record, including GPA and SAT or ACT score (if applicable), at the time of admission. You may submit updated transcripts and/or test scores for scholarship reconsideration until the scholarship deadline. International students are not eligible for OU scholarships, except where reflected. The total amount of Oakland University institutional awards and benefits cannot exceed the cost of tuition (the Geographic Region Award is not included in this limitation of OU awards and benefits). Students may only receive one academic merit scholarship (except for the Non-Resident Award or Geographic Region Award, if applicable).
