

ABOUT THE PROGRAM

The Fellowship program aims to introduce clinicians, scientists and other professionals to the issues of thinking about and conducting research and research in medical education. Educational scholarship and research are quite different from their equivalents in laboratory science and clinical practice. This means that anyone with a clinical or scientific background will need support in making the transition. The Fellowship program provides that support.

OBJECTIVES

- Plan a scholarly or research project in medical education.
- Critique research reports in Medical Education.
- Utilize a range of research methods in Medical Education.

CENTER FOR EXCELLENCE IN MEDICAL EDUCATION (CEME)

The mission of the Center for Excellence in Medical Education (CEME) is to foster a culture of excellence among the OUWB School of Medicine basic science and clinical faculty members through focused faculty development activities with a shared commitment to better educate tomorrow's physicians.

This activity has been approved for *AMA PRA Category 1 Credit(s)*[™].

This activity is eligible for Meaningful Participation credit.

Please contact ceme@oakland.edu or Ann Voorheis-Sargent at 248-370-4384 for more information or to register for the program.

OAKLAND UNIVERSITY WILLIAM BEAUMONT SCHOOL OF MEDICINE FACULTY DEVELOPMENT

FACULTY FELLOWSHIP IN MEDICAL EDUCATION (FME)

APPLICATION FOR THE 2017-2018 PROGRAM

PROGRAM COMPONENTS

The FME program runs for 10 months, September through June. During the program, participants will develop an individual project in medical education scholarship and research. They will also have the opportunity to earn a MERC (Medical Education Research Certificate) through AAMC.

FME fellows will meet one half day per month to attend workshops and will work on individual projects in their own time throughout the year. In addition, fellows will be expected to participate in online discussions about their research projects. FME fellows will present their final projects during the annual William Davidson Medical Education Week, in May 2018.

TARGET AUDIENCE

Physicians, faculty, residents and fellows and other professionals involved in medical education.

APPLICATION PROCESS

To be considered for the program, applicants must submit the following application and information to ceame@oakland.edu no later than August 10, 2017.

- ◆ Curriculum vitae, including contact information, name, title, address, phone and email.
- ◆ Description of your faculty responsibilities at the school.
- ◆ Goals: What you would like to get out of the program?
- ◆ Project outline and one page (maximum) description of the project in medical education that you would like to develop.
- ◆ A letter of recommendation from the applicant's chair; including support allowing for release time to attend the Friday sessions, time to work with online requirements, and support to complete the project.

PROGRAM DATES (TENTATIVE)

Select Fridays from 1 - 4 p.m.

(unless otherwise noted)

478 O'Dowd Hall, Oakland University

August 25, 2017

Introduction to the FME Program - Stephen Loftus
How to Get Started with Research - Julia Smith

PROGRAM DATES (TENTATIVE)

September 22, 2017

Adult Learning Theories - Eileen Johnson
Practical Strategies for Searching and Organizing the Literature - Stephanie Swanberg

October 20, 2017

Statistics Session

December 1, 2017

Presentation Skills - Kathy Schlecht

January 26, 2018

MERCshop

February 23, 2018

Medical Education Week presentations,
8:30 - 11 a.m. - Sheila Chauvin workshop
1 - 4 p.m. - MERCshop

March 9, 2018

Research Data Management, Stephanie Swanberg and Joanna Thielen

April 20, 2018

Disseminating Your Scholarly Work -
Stephanie Swanberg and Keith Engwall

May 18, 2018

Medical Education Week presentations,
8:30 - 11 a.m. - Sheila Chauvin workshop
1 - 4 p.m. - MERCshop

June 15, 2018

Wrap Up
