Students are expected to know all policies and procedures of the university, as well as those of the program of their chosen field of study. Students must follow policies in effect at the time of admission to the School of Nursing. Students may transfer a maximum of 63 applicable community college credits for the B.S.N. Evaluation of transfer credits is pending official review by the Office of the Registrar. This evaluation may be revised if policies or program requirements change.

Adviser's Signature _____
