Group Writing Support:

Victoria O'Connor works as a GA at the Oakland University Writing Center. She invites graduate students to attend the Sit Down and Write sessions for graduate students once per month on a Saturday morning (9am – noon) and Wednesday afternoons (3 – 6 p.m.) via Zoom. Great things emerge from these sessions!

Oakland University Writing Center
Sit Down & Write!

If you are writing an article or have commenced writing your thesis or dissertation, you might benefit from a program that has served many of OU's newly minted PhDs. The concept is rather simple. You bring a computer, anything with which you need to compose, and the willingness to "sit down and write."

We use the Pomodoro technique
 Set a manageable task that you can achieve in 25 minutes
 Then take a short break for 5 minutes, before beginning writing again
