

November 25 2019 Minutes

Present: Shadi Alawneh, Ami Harbin, Kurtis Kirkpatrick, Michael Long, Deb McGinnis, Michele, Parkhill-Purdie, Melissa Reznar, Irene Shabazz, Rob Sidelinger, Scott Tiegs, Sara Webb, Tricia Westergaard, Anne Zacharias, Anne Hitt (scribe) guest – Chris Goeth

1. Minutes from November 11, 2019 Meeting- Approved
2. Schedule Type and Instructional Method - Informational - C. Goeth Registration problems due to schedule type and instructional method - for example students registering for the same course twice due to different mode of delivery. Also confusion regarding some of the terms – for example Supplemental Instruction vs. a Math Workshop. Recommended that Math Workshops be placed under Recitation because both are components of a student's grade, as opposed to Supplemental Instruction which has no associated grade component and attendance is optional. Labs that are "experiential learning" and field courses fall under the ST code while Lecture/Lab/Clinical courses are coded as SN in Banner
3. SBA: BS in Business Actuarial Science – Approved
4. SHS: Discontinuation of - Concentration in Nutrition and Health - Approved Note that students with sophomore standing and above will be able to complete the Nutrition Concentration.
