NEW BUSINESS

2. Proposal - Applied Statistics - Department of Mathematics and Statistics (CAS) - Meir Shillor

- a. COI Minutes
- b. Catalog Revision

This change replaces a requirement of 16 credits in an outside department with a requirement of four 3 or 4 credit courses which is in line with courses taught throughout the university being 3 and 4 credit courses and maintains the original requirement of 16 credits.

Verification that catalog clearly states approval from adviser is required.

Informational Item will move to University Senate

3. Proposal to send informational items through email or hold for meetings with additional agenda items

Discussion and support was made to keep the meetings scheduled as to best meet the deadline for catalog changes

4. Meetings for the Winter 2022 Semester will be scheduled; please watch for calendar updates
