

### (c)(5)(i) Confined Space PRE-ENTRY SURVEY

I certify that I have completed a P-R Confined Space *Pre-Entry Screening Form* on the space ID'd below, and this space does not pose any non-atmospheric hazards,

I further certify that once mechanical ventilation was put into place, all atmospheric hazards of the Permit-Required Confined Space identified below were eliminated, thereby temporarily rendering the space a "(c)(5)(1)" space for as long as the mechanical ventilation is in place and the air monitor does not alarm.

Finally, I certify that there is no potential for any atmospheric OR non-atmospheric hazards to develop while I am *inside* the space.

-----

This (c)(5)(i) Survey must be filled out before entry into a (c)(5)(i) confined space. Entry into the (c)(5)(i) confined space can *only* be performed if all of the questions below are answered "YES."

- |   | YES | NO  |
|---|-----|-----|
| 1. Did your survey of the surrounding area show it to be free of hazards such as drifting vapors from tanks, piping or sewers?              | ( ) | ( ) |
| 2. Does your knowledge of industrial or other discharges indicate this area is to remain free of dangerous air contaminants while occupied? | ( ) | ( ) |
| 3. Have you been trained in the operation of the gas monitor to be used?  | ( ) | ( ) |
| 4. Is documentation of calibration of the gas monitor acceptable to you?  | ( ) | ( ) |
| 5. Did you test the atmosphere of the confined space (with a cable)?  | ( ) | ( ) |
| 6. Did the atmosphere check as acceptable (no alarms sounded)?  | ( ) | ( ) |
| 7. Will the atmosphere be continuously monitored while the space is occupied?   | ( ) | ( ) |

Notice: If any of the above questions are answered "NO," do not enter the confined space; contact your supervisor immediately.

• **Dial 911 immediately should a confined space Entrant require rescue** •

No unauthorized personnel are to enter the confined space with *any parts* of their bodies in order to effect rescue
