

INITIAL STEPS IN PURSUING SECONDARY EDUCATION OR K-12 MODERN LANGUAGE

These steps are applicable for all students interested in secondary education or K-12 Modern Language education who have not yet taken SED 300. Be sure to have copies of your college transcripts with you when you meet with your advisers. Appropriate advisers are listed at the end of this page.

1. Meet with the chief adviser in the subject area that you plan to pursue as a teaching major. Contact the major department office, or refer to the Undergraduate Catalog to find out whom you will need to see. You should leave this meeting with a program plan of courses needed to satisfy the teaching major which specifically identifies:

- Courses completed (taken either at OU or at other institutions) which will be used to satisfy aspects of the major and
- Remaining courses that you will have to take.

(Print out the appropriate program plan from this web site before your visitation.)

2. Meet with the chief adviser in your minor subject area. You should leave this meeting with a program plan of courses needed to satisfy the teaching minor which specifically identifies:

- Courses completed (taken either at OU or at other institutions) which will be used to satisfy aspects of the minor and
- Remaining courses that you will have to take.

(Print out the appropriate program plan from this web site before your visitation.)
