The elementary education program will lead to a Bachelor of Science degree in Elementary Education, giving graduates the opportunity to teach all subjects in grades K through 5, all subjects in a K through 8 self-contained classroom, or in endorsed subject areas for grades 6, 7 and 8. For major and minor endorsement subject areas, see pages 3 and 4.

The program is a field-based model in which topics and issues that make up the university curriculum are immediately put into practice in public school classrooms. Participation is required in an assigned public school classroom field experience each semester that students are enrolled in professional education courses. Students will complete a minimum of two urban and two suburban field placements.

UNDERSTANDING THE PROGRAM PROCESS

A. Pre-Elementary Education Status

Students in this status may *only* register for the following categories of coursework:

- Math: MTH 061 → MTH 062 → STA 225 → MTE 210 (depending on math placement)
- Writing: WRT 102 → WRT 150 → WRT 160 (depending on writing placement)
- General Education (see page 7)
- Major/Minor Endorsement Area(s) (see pages 3 & 4)
- **EED 312/313** Public Education for the Future (prerequisites are 3.0 GPA in WRT 160 & 2.80 cumulative GPA)
- **SCS 105** Science for the Elementary Teacher (prerequisites are 3.0 GPA in WRT 160, 2.80 cumulative GPA, and Nat Sci & Tech Gen Ed)

Note: Students are not required to complete all of the Pre-Elementary courses prior to applying to Major Standing.

B. Major Standing Status

Students are advised to apply for Major Standing Status as soon as they are ready, typically in the Winter semester of their sophomore year while they are enrolled in EED 312/313.

Requirements Needed to Apply for Major Standing Status:

1. Major Standing Forms (found at www.oakland.edu/sehs/advising/elementaryeducation) submitted during a scheduled advising appointment generally held the last week in September for winter admission and January for summer or fall admission.
2. 2.80 minimum cumulative GPA.
3. At least 12 credits of General Education coursework completed (2.0 minimum grade required in each course).
4. 2.0 minimum grade ("C") in STA 225.
5. 3.0 minimum grade ("B") in EED 312/313 (or be currently enrolled in EED 312/313).*
6. A passing score on all 3 sections of the Michigan Test for Teacher Certification (MTTC) Basic Skills exam.
Please note: students must request that MTTC send their MTTC scores to OU.

Students are encouraged to sit for the MTTC Basic Skills test as early as possible in their academic career. Those who have satisfied MTH 062 and WRT 160 are typically well-prepared to pass the test. Go to www.mttc.nesinc.com to see testing dates, register for the test, and download a study guide.

7. **70** total hours of non-custodial experience working with 3 or more children, ages 4-14 years. Up to 50 hours completed within the last 3 years may be accepted. At least 20 hours must have been completed within the last year. For example, students who are applying to Major Standing in February, 2013 may use up to 50 hours completed between February, 2010 and February, 2013 towards the 70 total hours required. At least 20 hours must have been completed between February, 2012 and February, 2013.

**Students who apply for Major Standing while enrolled in EED 312/313 must earn the minimum grade required (3.0) in order to begin taking Professional courses. Students who do not earn the minimum grade required will be dropped from Major Standing and unable to begin Professional courses.*

Earning Major Standing Status allows a student to enroll in these Professional courses the following semester:

FE 406 Education Psychology for K-12 (4 credits), **IST 396** Educational Uses of Microcomputers and Related Technologies (4 credits), **EED 354** Instructional Design and Assessment (4 credits), **EED 420** Managing the Classroom Community for U.S. Diverse Learners (4 credits),

Early Childhood Endorsement

Beginning Fall 2012, the Early Childhood Endorsement program will allow a student to earn the “ZS” endorsement. The ZS endorsement gives students a specialty elementary endorsement in Pre-K through 3rd grade. Many school districts require teachers who teach these grades to have the “ZA” endorsement. The ZS is the State of Michigan Department of Education’s most current version of the ZA, as it prepares teachers to address the learning needs of children with developmental delays during the early years (www.michigan.gov/mde).

OU’s Early Childhood program is a cohort, meaning that the courses must be taken in a specific order that cannot be sped up or slowed down. Starting with Fall 2012, a new cohort will begin each Fall semester for students who have been admitted to Major Standing. Students interested in joining the Early Childhood cohort must have completed all of their general education and endorsement (i.e. Language Arts Major) coursework prior to the start of Professional Education (Major Standing) courses. Please see the next page for the suggested term-by-term schedule plan.

Students in the Early Childhood program must complete a practicum in Oakland University’s Lowry Center for Early Childhood Education during their first and last semesters of the cohort. The student teaching placement for Early Childhood program students is in grades K through 3rd.

Early Childhood (ZS Endorsement)

May only be pursued in addition to the Language Arts major.
