Oakland University  
Board of Trustees Formal Session  
June 26, 2026**

**TREASURER'S REPORT**

**1. Division and Department:** Finance and Administration, Budget and Financial Planning, Treasury Management, Controller's Office, and Facilities Management

**2. General Fund Budget Performance:** Oakland University's (University) enrollment through Summer I 2026, measured by student credit hours, is .7% greater than prior year actuals and 2.6% above budget. Financial Aid distributions are also running slightly above budget and will be offset by reserves. A review of General Fund expenditures for the year showed no major spending variance in any division or unit. In accordance with the state of Michigan's Public Act 15 of 2025, the University is receiving monthly state Appropriation payments of \$6,870,385, which began in October.

A monthly budget monitoring process managed by the Budget and Financial Planning Office helps ensure budget management accountability.

**3. Investment Performance:** A summary of the results of the University's working capital and endowment investment activities is presented in the *Cash and Investments Report, April 30, 2026 and 2025* (Attachment A).

Investment performance for the working capital pool remained favorable relative to benchmark. For April 2026, the portfolio returned a healthy 2.72%, outperforming its benchmark by 5 basis points. For the quarter ended March 31, 2026, the portfolio returned -0.68%, exceeding its benchmark by 3 basis points despite negative market conditions during the quarter.

The University's endowment pool experienced negative performance for the quarter ended March 31, 2026, trailing its benchmark by 9 basis points. Despite quarterly market volatility, the endowment's market value stood at \$187.5 million as of April 30, 2026, representing an increase of \$31.4 million over the prior year.

Data from the NACUBO/Commonfund FY2025 annual endowment survey revealed that the University's endowment portfolio exceeded the average investment performance for similar sized university endowments for all time periods (one-, five-, ten-, fifteen-, twenty-, and twenty-five-years).

Liquidity of both the working capital and endowment investments remains strong. The University's investments are being managed according to the Board's policies. The

University's investment advisors continue to adhere to a long-term investment strategy that focuses on outperforming identified benchmarks over time.

4. **Debt Management:** The *Capital Debt Report as of May 31, 2026* (Attachment B) provides a comprehensive summary of the University's outstanding debt portfolio, including principal balances, unamortized premiums, interest rates, annual debt service requirements, maturity dates, debt purposes, and the University's interest rate swap arrangement. As of May 31, 2026, the University's debt portfolio had a weighted average cost of capital of 3.66%. Administration continues to actively monitor and manage the debt portfolio in accordance with Board-approved policies and financing authorizations.

5. **Construction Report:** The *Construction Report, May 31, 2026* (Attachment C) includes budget information, source of funding, forecasted final costs, and comments for all ongoing capital projects over \$1,000,000, as required by Board policy. All projects have been properly approved and are within budget.

6. **University Reviews / Approvals:** The Treasurer's Report and attachments were prepared by the Budget and Financial Planning, Treasury Management, Controller, and Facilities Management Departments, and reviewed by the Senior Vice President for Finance and Administration and Treasurer to the Board, Chief of Staff and Secretary to the Board, and President.

**Debt covenant compliance:**

The University has a general revenue covenant in most of its borrowing agreements. These covenants are consistent in all University debt agreements and commit the University to maintain "General Revenues" to exceed the sum of twice the annual debt service on senior debt and one times annual debt service on subordinate debt each fiscal year. The University is in compliance with its debt service covenant ratio requirements.

The Interest Rate Swap fixes the interest rate paid to the counterparty on the 2008 bond issue at 3.373% for the life of the bond issue (and the swap agreement). The Termination Present Value is dynamic, changing daily depending on interest rates and eventually becoming zero at the end of the swap agreement.

**Bond Ratings:**

The rating on the variable rate bonds reflects the current rating of the letter of credit provider, JP Morgan Chase Bank. The rating on the fixed rate bonds reflects the University's underlying credit rating at the time the bonds were issued.
