Articulation Agreement
Between Oakland University and Macomb Community College
For a Bachelor of Science in Applied Health Science

About Applied Health Science (AHS): Earn a Bachelor of Science degree by efficiently combining meaningful health science and leadership courses with your specific Associate of Applied Sciences (AAS) degree from an accredited community college.

Health Care Leadership Track: Advance your career in leadership potential with the Health Care Leadership (HCL) track. You will take a variety of classes in human resources, wellness and health promotion, public health and health science as you prepare to be a leader in the field of health. Click here to learn more about the HCL track.

Health Promotion Track: In this program, you will complete the core courses in AHS and select electives from a variety of health-related areas to tailor your degree to your specific academic and career goals. Click here to learn more about the Health Promotion track.
