PSY 2500 Research Design in Psychology
Exercise Science Electives
Additional credits may be needed to reach 30 credits residency requirements and 123 to complete the degree if additional courses are not completed at Macomb (CHEM, PHYS and MATH).

Taken at OU: 46 credits

Advising Notes

- 30 credits required to be completed at Oakland University to meet residency requirements. Remaining credits must be at the 3000/4000 level to meet University Graduation requirements.
- Students who complete Michigan Transfer Agreement (MTA) allow you to satisfy OU's general education requirements (except for a writing intensive course in the major and a capstone course, and you must either transfer in a course for the knowledge applications requirement or take a course at OU). To fulfill the MTA, you must successfully complete at least 30 credits, with at least a C or 2.0 grade in each course.
- MTA courses have been selected to maximize credit efficiency.
- Students who choose not to complete the MTA may need to satisfy additional General Elective requirements upon transferring to OU.
