

## Bachelor of Science with a major in Cybersecurity

### Major Requirements

| Oakland University Courses                                                                                      | Grand Rapids Community College Courses                                   |
|-----------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| MTH 1554                                                                                                        | MA 133                                                                   |
| MTH 1555                                                                                                        | MA 134                                                                   |
| APM 2663                                                                                                        | MA 245                                                                   |
| Choose <b>one</b> approved Science Elective                                                                     | BI 118; BI 151; BI 152; (CHM 130 <b>and</b> 131); GE 132; PH 111; PH 245 |
| CSI 1420 and 2320                                                                                               | CIS 127 <b>and</b> 132 (both courses required)                           |
| CSI 2300                                                                                                        | CIS 117 or 123                                                           |
| CSI 3450                                                                                                        | CIS 171                                                                  |
| Choose <b>4 credits</b> of Approved Flexible Electives (contact an OU adviser to discuss all available options) | CIS 129; CIS 202; CIS 223; CIS 228; MA 250; MA 257                       |

**There are four areas for professional electives options to choose from. The courses below apply to the specific area listed. It is recommended to meet with an academic adviser at OU to discuss the different area options.**

| Oakland University Courses          | Grand Rapids Community College Courses |
|-------------------------------------|----------------------------------------|
| CSI 4580 (AI in Cybersecurity Area) | CIS 268                                |

Students may transfer an unlimited amount of credit from GRCC, and must complete a minimum of 45 credit hours from OU to meet degree requirements. As programs may limit how much transfer credit can be used toward requirements, **it is highly recommended that students work with both an OU academic adviser and their GRCC academic adviser to maximize the applicability of coursework to specific requirements.**

### **TRANSFERRING WITH THE MICHIGAN TRANSFER AGREEMENT (MTA):**

When choosing to complete MTA to satisfy General Education, please confirm the best courses to take to fulfill the agreement with your academic adviser at GRCC or at the [GRCC MTA Approved Courses](#) website. Completing MTA when following this major guide will satisfy OU's transferable General Education requirements.

#### **Additional course requirements for MTA when following this major guide (minimum 30 credit hours required for MTA):**

- EN 101
- EN 102 (Review your MTA plans with an OU academic adviser)
- One MTA Approved Natural Sciences course
- Two MTA Approved Social Sciences courses
- Two MTA Approved Humanities courses

### **TRANSFERRING WITHOUT MTA:**

If you intend to transfer without MTA, you can choose to complete additional coursework to fulfill OU's individual General Education categories instead. When following this major guide, please reference the [GRCC General Education Transfer Guide](#) for the GRCC courses that satisfy these specific OU General Education categories:

- Writing Foundations (EN 102)
- Arts
- Language and Culture
- Global Perspective
- Literature
- Social Science
- U.S. Diversity

**All prospective students should call the School of Engineering and Computer Science (SECS) Academic Advising Office at (248) 370-2201 to schedule an appointment. Their office can also be contacted by email at [secsadvising@oakland.edu](mailto:secsadvising@oakland.edu), or visit their [website](#) for more information.**

## **NOTES:**

Transfer students are admitted directly to the major if they have a cumulative GPA of 2.8 or higher, if students have a GPA between 2.5 and 2.79, they are admitted as a “Candidate” to the SECS, and will need to meet established criteria to change their major.

Students apply for major standing once they have completed math, science, and core computer science courses.

Oakland University will always honor the **MACRAO transfer agreement** and apply it to the General Education requirement the same as MTA.

## **TALKING POINTS:**

Learn more about OU's [ABET accredited programs](#): (Bioengineering, Mechanical Engineering, Computer Engineering, Electrical Engineering, Industrial & Systems Engineering, Information Technology and Computer Science).

Learn about ways to [get involved](#) in over 20 student organizations affiliated with SECS, as well as different professional organizations related to careers in engineering and computer science!

OU students also participate in competitions such as Intelligent Ground Vehicle, [Formula SAE](#), North American International Auto Show in Detroit, GrizzHacks, and Maker Faire Detroit.

OU offers a number of [scholarship opportunities](#) to students in the School of Engineering and Computer Science to help pay for your education.

The School of Engineering and Computer Science offers a wide variety of [opportunities for undergraduate research](#).

SECS students can work with a career consultant about your resume, job search or to practice your interviewing skills. There are also a number of networking events each month and [resources available through the Career and Life Design Center](#). Employers from hundreds of companies participate in our annual Engineering and IT Career Fair in search of Oakland students to fill internship and full-time opportunities.
